

All About Metrology

We are the **Strategic Ally** that adds value to your company through metrological solutions, always seeking total user satisfaction.

We are accredited in more than 10 magnitudes; our accreditations have uninterrupted validity for more than 15 years, allowing us to establish long-term relationships with our clients, offering reliable, innovative, and integrated solutions to all processes required by industry.

Quality Management System, in accordance with requirements established by **Norma ISO 17025:2017 - NMX/EC/17025 - IMNC - 2018** standard.

We have a solid infrastructure and a strong presence throughout Mexico, serving operations from our facilities in Queretaro, San Luis Potosi, Saltillo, Monterrey, Guadalajara, and Aguascalientes.
